### Definition

Any boat, trailer, motor home, travel trailer, car, truck, motorcycle or any other vehicle vessel or trailer once registered with a State Department of Motor Vehicles (DMV)

### Special Conditions

Many recycling centers and auto recycling facilities will not accept recreational vehicles (RVs) such as boats, campers, travel trailers and motor homes that have little to no metallic content when compared to the wood, fiberglass and other non recyclable material commingled in the vehicle. For this reason, Riverside County offers disposal or recycling services for these items when other recycling options are not available.

The following items must be removed from any vehicle prior to acceptance:

- Lubricating oils including motor, transmission, differential, etc.
- Cooling liquids (radiator fluids)
- Batteries
- Appliances from RVs, including stoves, ovens and air conditioners.

In addition, a Junk Receipt must be obtained from the California Department of Motor Vehicles (DMV) as described below.

### Junk Receipt

The California Department of Motor Vehicles (DMV) requires that a Junk Receipt be obtained by the legal owner before a registered vehicle, trailer or boat is junked, recycled or disposed of. This includes any item that is presently or has previously been registered with the DMV and had a Certificate of Title ("pink slip") on file.

A Junk Receipt may only be issued by the DMV for the state where the vehicle was last registered.

When requesting a Junk Receipt from the DMV, the owner will need to present the following to the DMV:

- The California Certificate of Title. The title must be endorsed for transfer of ownership of the vehicle if the vehicle is not registered in the current owner's name.
- The license plates from the vehicle to be junked.
- The processing fee to file the Junk Receipt.

The official Junk Receipt looks like a registration card but it will say "Junked" at the bottom and when it is issued, it will cancel out the pink slip. The Gate Services Assistants at the Department landfills will require the Junk Receipt before acceptance of a junked vehicle, trailer, RV or boat.

If you have an abandoned vehicle on your property and do not have the Certificate of Title you may file a lien sale with the DMV to obtain the Junk Receipt.

See below for a sample of a Junk Receipt.
